

GUEST PAINTING EXPERIENCES

WITH ARTISTIC ADVENTURES

WHAT IS A GUEST PAINTING EXPERIENCE?

Our guest painting experience is the perfect activity for your party or wedding reception if you are wanting something different to entertain your guests!

With this unique service, each guest at your event can head up to our easel and paint a part of a canvas that you help design before the day.

An experienced artist will guide each guest through their part of the painting one by one, making sure each of your guests leaves a lasting mark to remember.

At the end of the event, you get to keep the completed canvas as a beautiful and unique reminder of your special day

HOW DOES IT WORK?

Here is a breakdown of how our process unfolds from the moment you reach out to us:

Before the event:

- Upon contacting us and confirming your preferred date, we request a £100 deposit to secure your reservation.
- We engage in discussions about ideas, inspiration, colour themes, and specific requirements. We then create a custom painting for you, considering factors like canvas shape and size (additional charges may apply for non-standard options).
- About a month before the wedding or event, we will send you a design for review and adjustments.
- After finalizing the design and ensuring everyone is satisfied, we transfer the design onto the canvas and complete any necessary pre-event painting, such as backgrounds.
- The final payment is required two weeks before the event.

On the day:

- We will arrive approximately one hour before the scheduled start time to set up.
- When the experience begins, we will be ready for your guests to start painting. We will remain present throughout the session to assist and guide them through each section.

After the event:

- Once the painting session concludes, we will pack up. You or your venue will be asked to store the artwork safely for the remainder of the evening.

WHAT WE WOULD NEED FROM YOU AND YOUR VENUE?

There's not a lot we require from you or your venue, however, we do ask that:

- The venue has been informed about our experience and given our contact details if they have any questions or concerns. We are happy to deal directly with them to save you any stress.
- We are given enough space for our set up, and your guests to paint. We don't require a lot of space. We usually bring a small table for paints and brushes, and our easel. However, ensuring we are out of the way of walkways or the dancefloor can mean your guests feel comfortable painting with us, rather than a rushed experience.
- We want to make sure we create something you are excited to display in your home, so total honesty and ideas when it comes to designing the painting are really important so we can make sure it's exactly what you want.

PRICING

The Experience

£200
